MOBILE PREMIUM SERVICES & BARRING

Mobile Premium SMS and MMS (PSMS/PMMS) services are information and entertainment services, such as ringtones, horoscopes, chat services and voting lines. You can purchase these services from a third party provider at the premium price they set, and receive or use them on your Telstra mobile. Telstra pays the provider on your behalf then recovers the charge from you via your Telstra bill. Please check costs and conditions before signing up, as often you are agreeing to an ongoing subscription, not a single purchase.

You can bar all PSMS services on your mobile, so that you won't receive, be charged for, or be able to use these services after barring is activated. There is no charge to activate barring and it will not restrict your access to other services. To arrange barring or if you would like information about other options (like setting spending limits), call us on 132000 and say "Premium SMS" or click telstra.com/business/smsbarring. Please allow up to one business day for barring to be activated. Barring does not apply to PMMS as Telstra does not currently offer PMMS services.

Complaints about a PSMS service should first be made to the third party provider. Provider contact details may be found on your bill, otherwise click 19SMS.com.au then enter the provider's 19 number into the '19 Service Finder tool'. If the provider does not resolve your complaint, please call us on 132000. If your complaint is still not resolved, you can contact the Telecommunications Industry Ombudsman.

Important updates to your StayConnected service.

From 27 January 2026, we will no longer be offering any new StayConnected connections to existing customers. This means that customers will no longer be able to add a new device or substitute another device under an existing StayConnected subscription. This won't affect your existing StayConnected subscription and you will still be able to exchange, replace or return your current device under the program.
